Education

Example University Expected Jun 2027
B.Sc. in Computer Science | GPA: 3.4/4.0 *Your City, Country*
- Coursework: Data Structures, Algorithms, Databases, Operating Systems, Software Engineering, Networks.

Experience

Backend Engineering Intern Jun 2026 – Aug 2026
Acme SaaS *Remote*
- Built 9 NestJS REST endpoints on PostgreSQL for subscription billing, replacing a manual spreadsheet step.
- Added retries and logging to the payment and SMS API calls, cutting failed notifications in staging by half.
- Profiled and indexed 3 slow billing queries, lowering the invoices API p95 from 2.1s to 0.8s in staging.

Software Engineering Trainee Feb 2026 – May 2026
Example Tech Institute (Full-Stack Program) *Your City, Country*
- Delivered a 4-person capstone booking API with 14 tested endpoints, presented to a panel of 3 engineers.
- Set up Docker Compose and a pull-request checklist, so new teammates ran the project in under 30 minutes.

Freelance Web Developer Sep 2025 – Jan 2026
Self-employed *Remote*
- Built a class booking site for a local fitness studio, now handling about 25 bookings a week online.
- Set up an admin panel with role-based access and daily database backups on a 5 USD VPS.

Projects

Clinic Appointment Platform | *React, NestJS, PostgreSQL, Docker* | GitHub Feb 2026 – Apr 2026
- Shipped booking, reminders and doctor schedules with JWT auth; deployed live with a seeded demo account.
- Wrote 24 Jest unit tests and a GitHub Actions pipeline that blocks merges when tests or lint fail.

URL Shortener API | *Node.js, Redis, PostgreSQL, k6* | GitHub Nov 2025 – Jan 2026
- Added Redis caching and per-IP rate limiting at 60 requests per minute, documented with Swagger.
- Load-tested with k6 at 200 virtual users, keeping median latency under 45 ms on a single small instance.

Leadership & Activities

Technical Workshop Lead Oct 2025 – May 2026
Example University Developer Club *Your City, Country*
- Ran 4 hands-on Git and REST API workshops for 35 students, with shared starter repos and exercises.

Competitive Programming Team Member Oct 2025 – Dec 2025
Example Collegiate Programming Contest *Your City, Country*
- Solved 6 problems with a 3-person team in the regional round, placing 14th of 60 teams.
